

PRESS RELEASE

Partnership Agreement signed between BGV FRANCE and HUB PORT BOULOGNE SUR MER

HUB PORT BOULOGNE SUR MER placed an order to BGV FRANCE for the final studies of the fast cargo (RORO) ship HSC C 210 due to service Spain. This order was issued within the new partnership agreement signed between the two companies.

This agreement will enable HUB PORT BOULOGNE SUR MER to coordinate all actions taken in order to develop the new lines.

Regarding the link between Drammen and Boulogne-sur-Mer, HUB PORT BOULOGNE SUR MER will conduct negotiations with the 3 candidate operators as well as with the ancillary service suppliers.

The two companies confirm that operations on this first link will start in 2009 when the new RORO terminal will be completed in Boulogne-sur-Mer.

More information on this network of High Speed Motorways of the Sea is available on the internet at www.boulogne-hub.com.
